

Founded in 1988 Encore Cases started with one goal in mind, produce the highest quality touring and shipping cases with shortest turn around time in the industry. By focusing on this single goal Encore Cases has become one of the largest and most respected names in the case industry worldwide. Our manufacturing facility located at 8818 Lankershim Blvd in Sun Valley, California employs the most talented designers and the most skilled craftsmen in our industry. This facility has produced thousands of cases for a wide variety of clients including but not limited to musicians, magicians, trade shows, shipping companies, airlines and lighting companies. All of our cases are [custom cases](#) designed to meet our customer's exact specifications with maximum protection in mind. We have designed cases for the biggest names in entertainment and industry and would love nothing more than to design and build cases for you. If you have any questions or you would like us to design cases for you, please
